Announcements

Now that we have received two grants for mobile devices for grades K-5, technology is more easily woven into the daily curriculum. You may recall in October we had to update the wireless service that is shared with the parish. To date, there has been very few problems in internet service. I wish I could say the same for the computer lab. Since the installation of the computer lab, there has always been difficulty in receiving internet service. In order to get full use of the computers, they have been relocated to the classrooms of 1st thru 4th grade. Some computers will remain in the lab to become the study hall room.

I ask that you pray for Fr. Richard during his illness. We will let you know when he returns home from the hospital.
